This month, the spotlight is on Donna Scheidt, the executive director of Little Explorers Discovery Center in Jefferson City, MO.

Years ago, Donna learned about the [T.E.A.C.H. Scholarship](#) (Teacher Education And Compensation Helps) for educators in licensed child care programs.

Since 2003, Donna and the Little Explorers Discovery Center has sponsored ten child care educators through the T.E.A.C.H. program. All ten educators earned their Child Development Associate® Credential (CDA), including two going on to earn Associates degrees and two earning Bachelor's degrees.

Donna shared, "The T.E.A.C.H. program is wonderful for working professionals to get their education. It also improves the quality of any child care program. It has reduced the stress in my life by helping my staff get the education they need in order to run a quality child care program. It has allowed our Center to remain accredited and it has helped us maintain quality standards in child care."

## Spotlight on Success

Spotlight on Success aims to share stories from local programs that are building community partnerships in order to strengthen and coordinate childhood programs.

Photo Credit: Lindbergh Schools

This month's Spotlight on Success features Lindbergh Schools, a public school district in St. Louis County. Lindbergh Schools consists of two Early Childhood Education (ECE) centers, six Elementary schools, two middle schools, and one high school.

Lindbergh Schools are committed to helping students succeed not only in academics, but also in life. They prepare students for success through innovative instruction. Lindbergh focuses on collaboration, creativity, communication, and critical thinking. Strong Community support, excellent teachers, staff, and administrators propel this high-quality education.

Recently, Lindbergh High School "Flyers" (LHS) students in the child development class taught "mini" lessons in ECE classrooms! The LHS students have been spending Wednesdays each week at ECE, which culminated with them getting a chance to teach a lesson.

"A lot of planning goes into this day and the students will work by themselves or with a partner in every ECE classroom," LHS FACS teacher Erin McGrath said. "Great connections are made between the 'big' Flyers and future Flyers."
